From: UK Board of Directors

Re: STILL UK – TMH Exclusive Distributor Update

We are delighted to be resuming our long-standing relationship between STILL UK and Total Materials Handling (TMH) based in Dublin, Ireland.

With the recent formation of KION ITS UK and Ireland, TMH will now rejoin the STILL family in place of being supported by Belgium. TMH have been appointed as an Exclusive Distributor (ED) and therefore will have exclusive coverage in the Republic of Ireland to further enhance our existing hybrid sales network, consisting of Direct Sales, Exclusive Distributors and Regional Partners.

By creating a stronger network we will undoubtedly improve the responsiveness to all our customers.

Below you will find a list of our Exclusive Distributor network including a map of our newly revised coverage.

From all of us at STILL UK, we would like to express a warm welcome back to TMH. We are excited to rekindle this important relationship and improve our market coverage in Ireland to create new and valuable opportunities for our business.

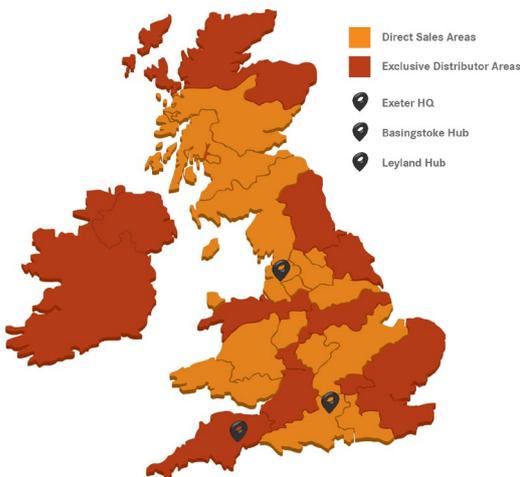

With best wishes,

Torsten Wiecker
