

# Customised intralogistics: The STILL product portfolio.

first in intralogistics

## STILL PartnerPlan

Transport	 Electric trucks	 Diesel and LPG trucks	 Warehouse equipment	 Platform trucks and tractors	 Tugger trains	 Used trucks
Systems	 Intralogistics consulting	 Rack systems	 Warehouse software systems	 Driver assistance systems	 Automation solutions	 System integration
Service	 Safety	 Original parts	 Diagnostics and repair	 Maintenance and Full Service	 Smart Portal	 Training
Financing	 Purchase	 Hire-purchase	 Leasing	 Long-term rental	 Short-term rental	 Basic-Dynamic®

### STILL PartnerPlan - we will show you the way!

The STILL PartnerPlan is a clear and transparently structured framework to help you find the perfectly customised intralogistics solution. It includes our complete range of trucks, system solutions, services and financing options. The STILL PartnerPlan enables us to work together as partners and create a bespoke package by producing a customised combination of individual components from our range. With the STILL PartnerPlan we will find a solution precisely tailored to your needs and requirements - from industrial trucks, automation and software solutions through to services including genuine and original parts as well as choosing the right financing solution for you.

You will benefit from all STILL products being perfectly aligned to each other. Optimum interaction is guaranteed and we will work with you to be successful. We will show you the way!

**Transport:** STILL provides the perfect forklift truck for every situation. From counterbalanced forklifts and warehouse handling equipment to trucks and tractors, STILL offers a comprehensive portfolio of efficient and innovative forklift trucks. Whether they are used for the intra-company transportation of a few hundred kilograms or several metric tons, or whether they are powered electrically or by internal combustion engine, all STILL forklift trucks have one thing in common: They are easy to use (simply easy), high performing (simply powerful), versatile (simply flexible), able to communicate (simply connected) and safe (simply safe). These attributes make all STILL truck series simply efficient.

**Systems:** Working systematically to give an optimum flow of goods – together we can implement the structures and systems necessary to make your intra-company logistics more efficient than ever. From extensive intralogistic advice through to intelligent logistic software solutions, custom-made shelf assistance systems and innovative driver assistance systems as well as modern automation solutions for individual processes or your entire storage environment – we are committed to working together with you to systematically organise your warehouse.

**Service:** You can rely on the service at STILL. We have more than 3,000 service technicians throughout Europe who ensure maximum availability for your fleet of forklift trucks. Tried and tested STILL original parts guarantee the best possible results when it comes to servicing, retrofitting and repairs. Our service team is always promptly there for you, working with you as a partner and offering their extensive expertise. In addition, we offer training events and safety tests as well as our Smart Portal, so you can be sure to get the best from your warehouse environment.

**Finance:** The numerous financing solutions offered by STILL are flexible, transparent and tailored to your needs. Choosing the right financing option for you is just as important as choosing the right products. In both cases, STILL offers solutions that are precisely tailored to your individual requirements – including traditional purchases, hire purchases, a wide variety of leasing options, long or short term rental of individual forklift trucks or entire fleets.
